Education

University of California, San Diego

B.S. Cognitive Science with a Specialization in Design and Interaction, Minor in Computer Science

2021 - 2025

Certificate

UX Design Certificate / Grow with Google

2023

Developed skills to conduct UX research and built prototypes on Figma & Adobe XD

Skills

End-to-End Product Design
Interaction Design
Information Architecture
Mobile & Web UI Patterns
Design Systems
Wireframing
Hi-fi & Lo-Fi Prototyping
Usability Testing
User Interviews
Competitive Analysis

Softwares

Figma
Adobe XD
Adobe After Effects
HTML/CSS

Experience

Instructional Assistant, COGS120: Interaction Design / UC San Diego

Jan 2025 - Mar 2025 | La Jolla, CA

- Led weekly office hours supporting 100+ students in interaction design, user flows, and UX fundamentals, reinforcing principles of usability and accessibility
- Evaluated and graded assignments relating to design heuristics, usability, and UI principles to minimize cognitive overload
- Contributed curriculum feedback to strengthen emphasis on end-to-end product design process, from research to hi-fi prototyping

Cashier / Ross Dress For Less

Jun 2024 - Aug 2024 | La Jolla, CA

- Delivered high-quality, user-centered service in a fast-paced retail environment, resolving customer pain points through active listening and structured problem-solving
- Collaborated cross-functionally with team members to maintain operational efficiency and create seamless checkout experiences

Projects

Early-Stage Product Design: iMessage Group Planning Feature

Dec 2025 - Current | Remote

- Defined problem space and opportunity area to reduce coordination friction within group messaging environments
- Conducted competitive analysis and user interviews to identify market gaps and core coordination pain points
- Designed end-to-end user flows, interaction patterns, and low-fidelity prototypes to validate core feature direction

Seven Seas Roasting Co. Website Redesign

Jan 2025 - Mar 2025 | San Diego, CA

- Partnered directly with business stakeholder to define product goals, success metrics, and user needs
- Planned and conducted interviews and usability studies to create design solutions that were intuitive and met user needs
- Delivered high-fidelity prototypes in Figma, evolving the visual system to align with brand identity while improving usability
